

## Parental Information

Choose the right toothbrush. A Small head with a good grip and with rounded tips.

Brush at least twice a day, after breakfast and just before bedtime.

Use the brush without water and with only a pea sized amount of fluoride toothpaste.

The sides and tops of every tooth should be brushed. You will have to help your child with the parts difficult to reach.

Wash the brush with water after use and store upright so it dries properly.

Replace the brush every 8 weeks

# Why is Barry Bunny so very happy?

He's always smiling ...

Everyone likes his bright  
sparkly teeth ...

He shows them off  
whenever he can ...

How does Barry Bunny  
keep his teeth so bright?

He ...

Cleans his teeth twice  
every day, in the morning  
after breakfast and before  
he goes to bed

Cleans all his teeth, the  
sides and tops. Mummy  
& Daddy Bunny sometimes  
help him with the hard  
parts.

Visits the dentist twice  
every year to keep his teeth  
bright and sparkly.
